Purchaser is urged to request written authorization and shipping instructions from Fairchild before forwarding any material. All material returned for credit will be subject to re-inspection and restocking charges.

PACKAGE ITEMS

A study of ordering practices and costs of handling certain parts has indicated that it is to the advanage of both the purchaser and Fairchild to package these parts in quantities as shown in this Parts Price List.

Packaged items are sold only in quantities per package as shown. When ordering packaged items, kindly specify number of packages required and not quantity of parts.

MINIMUM BILLING

Because of the high cost of handling, a minimum billing of $5.00 will be made on all parts orders. We suggest it is to your advantage to place orders that exceed this minimum billing.

SERVICE

Repair and maintenance services are available from Fairchild at purchaser's request at terms and conditions then in effect.

WARRANTY

Fairchild warrants all parts to be free from defects in material and workmanship for a period of three (3) months from date of delivery. Purchaser will ship to Fairchild, with transportation and insurance charges prepaid, all defective parts covered under this warranty. Such parts, or suitable replacements, will be returned to the purchaser by Fairchild transportation and insurance charges collect. This warranty shall apply only to the original purchaser.
