

Monotype Library Faces

This list supersedes all previously printed information.

Dated, August 15, 1935

Following is a list of the type faces which may be cast from matrices available for rental in the Monotype Matrix Library. The Specimen Sheets will show the sizes and the number of characters in forms. Cellular matrices are milled for sorts casting only, and cannot be used for composition on the Monotype Typesetting Machine. *Giant Caster Matrices are not rented.*
