Equipment & Printing Supplies

¶ Most of you who read this need no introduction to the Kelsey Co. Ever since 1872 we have been furnishing printing supplies to firms and individuals all over the world. Many have taken the opportunity of visiting us when in the vicinity of Meriden.

¶ Our big stock of printing supplies and location with excellent shipping facilities assure you of unusually good service. Letters posted within a radius of a thousand miles (including Chicago or further) reach us the next day, so orders can be filled and shipped that night. If you live beyond Chicago, airmail, costing only three cents more, will deliver mail to us just as fast. Airmail time from the Pacific coast to Meriden is 24 hours, except from Seattle and Portland areas which is only 2 hours more. Florida airmail reaches us in 24 hours and airmail letters mailed at Nassau, Bahamas, West Indies at noon are in our hands the next noon! RESULT: Orders are shipped that night, only one day after you *decide* to order, whether you live in Conn., New York, on the Pacific coast or in the West Indies!

What Others Say About Kelsey Service

NEW YORK:—"I want to express my sincere thanks for the prompt attention given our last order. I cannot emphasize too strongly how much we appreciate dealing with a house which values the customers' good will as you have strongly demonstrated your company does, by 'going to town' on our small order.'

NEWFOUNDLAND:—"For some years past we have been securing printing necessities from you. As we had to write you about other matters, we thought it an opportune time to pass along our thanks for the splendid service you have given us. We know what it means to be a long way from our source of supplies, but you have given excellent satisfaction."

MARYLAND:—"I greatly appreciate the manner in which you have handled my orders. Shipment has been prompt, without mistakes, and everything of good quality and workmanship. From quite a few years' experience and observation in mail transactions, I have found it far more satisfactory doing business with you than with any other concern in the printing supply business."

OKLAHOMA:—"I have ordered most of my supplies from you, since I found the quality better than I could obtain locally."

PENNSYLVANIA:—"I appreciate the many times you have used your own judgment where my orders were not clear. If things were not satisfactory I would let you know and I think it only fair to tell you when they are. When I order from you I know when to expect it, and just what I will get. I have found nothing misrepresented and have not been disappointed in a single thing. I do not know of a place where I can do better or get as honest or dependable service, and it is indeed a pleasure to deal with you."

VERMONT:—"I wish to comment on the splendid service which I have received from you. All my orders except one have been mailed on Saturdays. Parcel post was in my hands on Tuesday, freight before the week was out. Nobody can complain of service like that."

ILLINOIS:—"I think that you are the first people I ever bought from that actually lived up to their promises in the matter of 'one-day service'. On several occasions I have mailed orders to you and to someone in Chicago at the same time, and in most cases your order would be here two days before the one from Chicago, which is only 35 miles away. Such promptness is certainly appreciated."

MASSACHUSETTS:—"I want to thank you for the splendid service which you have rendered in the past. It has been this service, as well as your prices on supplies which has influenced us to place our orders with you."

FLORIDA:—"Your products fulfill every expectation with a large measure over. This sounds as though I am pleased, doesn't it?"

OHIO:—"In all the years we have dealt with you there has never been a poor piece of merchandise received, or a mistake in an order."

SOUTH CAROLINA:—"The express shipment arrived in good shape, being put up with your usual care."

MICHIGAN:—"We received our last order of goods today. Thanks for the speed—it came in double-quick time."

IDAHO:—"While I'll admit we are quite a way apart, when I consider the courtesy and promptness with which my orders are handled, I am well satisfied."

TEXAS:—"I am an old customer of yours whose dealings with you in the past have been extremely satisfactory."

Terms of Payment. Cash with order. On orders for $10.00 or more, if one-third cash accompanies order, balance may be sent C.O.D. in the U.S.A. Send check, Post Office money order, or U.S. postage stamps *(except airmail)*. When shipping charges due amount to twenty-five cents or more we ship C.O.D. for balance, and on small orders if the amount due is less than twenty-five cents. Any amounts due on previous orders, will be added to last order and collected C.O.D. Western Union Telegraph will send money as well as messages by wire. **Before sending in your order,** look carefully over your catalog and be sure you have included everything you need. We must respectfully decline to fill orders amounting to less than one dollar, because the loss on such orders is so great that we must otherwise make it up in some other way and we prefer to keep prices low. Many orders for less than two dollars are handled by us at an actual loss and we earnestly request the cooperation of our customers in reducing this whenever possible.

COMPLETE STOCK 24-HOUR SERVICE

Paneled Informals

For invitations, short notes, acknowledgments and all occasions where a neat combination of smartness, yet haste and informality is required. Folding sheets size 4x6 inches, folded size 3x4 inches. Name goes on front panel. 100 folding sheets and 100 envelopes to match in a box.

No. 134-W, heavy, white, vellum finish stock.

No. 135-I, heavy, ivory, plate, (smooth) finish stock.

Quantities of	1	5	10	50
134-W White, each,	.75	.70	.65	.62
135-I Ivory, each,	.90	.85	.75	.72

The Customer Presentation Assortment **$1.00** **Postpaid in U. S. A.**

Postage to Canada, add $ .42; foreign add $ .56.

The Customer Presentation Assortment enables you to show samples of paper and cards to your customers so that they can make their selections easily and intelligently. May be kept in the substantial box, just as you receive it or samples may be mounted in loose-leaf books such as are obtainable at any stationery or dime store. Samples have no prices on them, nor does our name appear; only the name of the paper or card stock in small neat letters for identification. Full sheets of all the stock cut sizes of paper) 6x9, 9x12, 6x7, 8½x11, etc.), samples of every envelope in each size, cards in various colors and sizes—over 250 pieces, everything you need to properly present your line when taking orders.

The actual cost of the Customer Presentation Assortment to us is over six dollars, but our price to you is only 1 dollar, postpaid, because we believe it will bring business to both of us. In addition, if you purchase one, you can deduct 5 percent from any *paper* order of $5.00 or more until you get your dollar back. Or, if you order $20.00 worth of *paper and cards* at one time, you can deduct the entire cost.

Every printer should have a set of easily inspected samples, for his own convenience as well as his customers'.

"Merchandise well displayed is half sold," applies to printing, too.

You need two kinds of samples: (1) Printed ones of your own, to show suggested wording and layouts. (2) Unprinted samples of paper and cards you either have or can obtain—*The Customer Presentation Assortment.*

To obtain price of Lower Case font, subtract Cap font price from Large font price, in catalog.

Plastic Tint Blocks

These type high blocks with a smooth plastic face are ideal for printing tinted backgrounds, as well as for cutting designs and pictures to run on your press. They are smoother than linoleum blocks, and will not damage any saw you use for cutting them. They come in a handy assortment consisting of: two 1-inch squares, two 1¼-inch squares, two 1⅝-inch squares, and one 2-inch square, seven pieces in all, for **$1.50**

Regularly carried stock sizes are as follows:

2x2, **$ .38** each; 4x6, **$1.92** each
3x3, **.72** each; 6x9, **3.78** each

Special sizes cut to order, under 25 square inches, **8** cents per square inch (minimum **60** cents), over 25 square inches, **7½** cents per square inch. Or cut them up yourself—it is easy with any fine tooth saw. Designs can be carved on them with linoleum block tools, wood cutting tools or with an ordinary knife. Good for decorative designs, end pieces, silhouettes, illustrations, book-plates, monograms, etc.

The Binding of Books

(Perry—Baab)

A thoroughly illustrated, complete text on the methods, equipment, tools and processes that are involved in the binding and repair of books. Organized in two parts. Part One takes up all the types of binding in general practice, discussing the materials and tools best suited for each one.

Part Two contains 26 step-by-step processes in unit form, starting with the preparation of the loose leaves for stitching or wiring—with explicit treatment of machine or hand methods—continuing through the developments followed in the binding of various types of books, and concluding with preparation of different surfaces for lettering and the lettering processes. Illustrated with thirty-two clear photographic plates and seventy-two line drawings. Size 5¾ x 8¾ inches—160 pages. **$2.50**

Complete Set of Samples

Send **25 cents** for a complete set of samples of Cards, Paper, Envelopes, etc.

NEW SIZES OF TYPE FONTS

Please have patience with us, while we are in process of making the ordering of type much easier for you. Here's how:

As fast as type is being put thru the foundry, it is being made up into new size fonts which will carry the same price for any given size. Eventually almost all type will be put up in these standard packages. When that is accomplished, you'll be able to order, for example, any large font of eight point Connecticut type and know that the price is the same as for any other eight point font, regardless of style. The same will hold true of other sizes—each point size will have its price. New England type will also have its standard price. There will be a few exceptions, which will be covered in the price list.

Due to casting schedules and stocks it will probably take several years to get entirely on the new basis. That means some fonts will be one way, some the other for at least that time. It also means that some fonts will be bigger and cost more, others smaller and cost less. Consequently, if you order the fonts listed in the supply book, and they have since been made on the new standard, we will send you the new, making the necessary adjustment in price.

Under the new way, figures will be in separate packages from caps and lowercase in the large fonts, so that you can order either caps or figures separately, if you find your work calls for more or less of one or the other. Regular fonts (⅛ the large) or medium fonts (½ the large, made up in some cases in place of regular fonts if the large fonts will not split into thirds satisfactorily) will as before be made up in one package, not in three parts.

As the fonts are changed over to the new standard, the price list will carry the new prices, but there's bound to be a lag. However, we know that once the new way is completely established, you will find it a lot easier to order type.

Please Notice: For prices of Modernistic (006, 008, etc.), Society Roman (306, 308, etc.), Shaded Old English (808, 810, etc.) or Bodoni Open (910, 912, etc.), **add 15%** to prices of Connecticut Type Foundry Grade listed at left.

A Genuine Leather Card Case Bargain

Several manufacturers of fine leather goods have pieces of genuine leather left over when cutting out their goods which are big enough

to make beautiful card cases, as shown in the illustrations. This one case holds all sizes of cards up to and including Salesman and Business Size C. One long edge is folded, one short edge sewed, leaving the other two sides open for quick insertion or removal of cards.

At this price, which is much below anything we would be able to quote if full size leather sheets were to be cut up, we are only able to furnish the cases in assorted leathers. Any and all of them are superior to anything we have been able to offer before. These leathers are the kind found in cases costing several dollars apiece.

Remember, one size holds cards A, X, D and C, which will keep down your stock. You can offer them at cost with an order of cards, or get any amount up to fifty cents apiece or more for them. Beautiful browns, blacks, greens, and many other colors, in all the most popular finishes.

Order a trial dozen and see for yourself. In lots of twenty-five, **.15** each; eleven to twenty-four, **.18** each, six to ten, **.20** each, sample, **.29.** Remember that a single case will show you only one kind of leather, and at these prices we must reserve the right to assort them as the leather people can furnish us the stock, so we urge that you order at least a dozen at a time to get the range of the beautiful leathers.

PADDING SUPPLIES (A)

Padding Clamp, same as used with padding outfit, - - - - 3.38
Padding Trough, (Holder) 4.88

Padding Outfit

Outfit consists of Holder, to keep sheets straight and edges even, capacity two to three thousand sheets; End Boards, assortment of various sizes; Clamp, adjustable, to hold pile of sheets while applying composition, capacity 12 inches—boards 8½x11 etc. - - - - 11.25

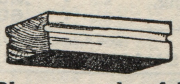

Padding Outfit, with one pound can of Padding Composition, (hot-process) with directions how to apply, 11.65

Padding Outfit, with one pint jar of Pad-tex, (cold-applied) with directions how to apply, 12.23
Shipping weight, 20 pounds

Padding Composition, hot-process, for padding stationery, etc. Clean and easy to use. Directions with each package per pound. .40

Pad-Tex, a modern, cold-applied, white, ready-for-use, flexible cement, for padding and general bookbinding work. Can be thinned with water and due to its great coverage, is more economical than ordinary adhesives. Easily applied with a brush and dries in 30 minutes. Does not chip or peel, and sheets can be torn off without causing rough edges. It is unusually strong and always remains flexible. Not affected by weather conditions, and is not inflammable. Pint jar, - - .98

Paper (B)
Parts for Presses see Press Parts
Paste, Printer's a steel-gray, jelly-like adhesive, non-inflammable; will not lump, wrinkle paper, nor mould. Ideal for overlays; also for general use. 4-oz. tube, .37
Pint can, - - - - - .60
Perforating Rule see Rule Steel

Planers

Planer, made of hardwood with a smooth, flat surface; used for planing (smoothing) down type forms, etc. Size 6x2⅛x1⅝ in., *Ship. Wgt., 1 lb.* .50

Proof-taking Planer

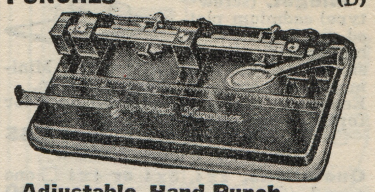

This planer is of large size (8″—long, 3¼″ wide, 2½″ high) varnished maple, with thick, high grade felt on its face, and leather (2″x3″) top. Proofs may be taken easily with this planer, without damage to type, by inking form, laying sheet on form, and tapping planer with mallet or butt end of hammer. (*Not to be confused with ordinary wood planer used for planing or smoothing type forms.*) - - - - - 2.65

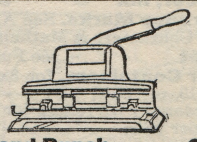

Planer, Large
Same large planer (leather top) but *without* felt, for planing down form, 1.55

Press Parts, Rollers, Extra Letters

IMPORTANT WARNING

Most sizes of presses have been made for MANY YEARS and parts are NOT all INTERCHANGEABLE.

IF YOU ORDER ROLLERS OR PARTS:

It is necessary for us to know the style or model of your press. If your press has a model letter, that and the diameter of your rollers or of your roller wheels is all the information that we require. If not, please specify:

1. **Full length of roller cores.**
2. **Diameter of roller wheels.**
3. **Whether gripper bar is round or square.**
4. **Exact inside measurements of chase.**
5. **All lettering on your press.**

If you have not these parts measure other parts and send us the measurements.

All current models of our presses have a model letter. Some machines with model letters, as well as all machines having no letters, are old models. The prices of press parts quoted here apply to **current model presses** only. We cannot furnish parts or rollers for other makes of presses and our parts and rollers will not fit them. No credit will be given on our parts or rollers ordered for other machines, if returned.

RECASTING current model rollers. Prices per roller. Return rollers **complete with old composition** on them.

Junior	3x5	5x8	6x10	Victor	Star	9x13 or Union	5 inch Hand
.70	.85	.95	1.00	1.00	1.18	1.28	.85

RECASTING old models and other makes. Prices per roller. Return rollers **complete with old composition** on them

	Up to and including 8x12	Larger including 10x15	Larger including 12x18	Larger including 14x22
1½″ dia. or less	1.60			
1½″ dia. to 2″	2.25			
Up to 2″ dia.		2.30	3.00	3.70

Over 2 inch diameter—ask for prices. These are specially cast and cannot be shipped the same day as are rollers for our current models which are carried in stock.

On rollers for 12x18 press or larger add 25 cents per roller unless you send them in a strong, wood box, large enough to hold all rollers when cast and to travel safely. If in our judgment, box is not satisfactory, we will make new one and charge accordingly.

Feather-Wate Bristol

Thin, dense, snappy, plate finish bristol which you will find used for both personal and business cards by people who follow modern trends. This bristol calipers a little more than half the thickness of Lite-Wate Bristol, yet weighs within 10% as much per sheet, which accounts for the way it holds its shape and snaps back in thumb and forefinger.

Feather-Wate also makes a fine program, announcement and menu stock, as well as a good white cover, and stock sizes are listed which you will find convenient for these purposes.

500 sheets size 22x35 weigh 100 pounds.

11-1-48 THE KELSEY CO. MERIDEN, CONN.

Mimeograph—Duplicator

Substance 20 pounds **White**

Particularly good for jobs which require a printed heading and on which, the rest is to be run off at intervals on a multigraph, mimeograph or any other style of a duplicating machine, (for instance—many churches use printed outside pages for their bulletins and mimeograph the weekly items and events on the inside pages).

We cannot furnish any other sizes.

Pressboard

A smooth, tough, hard-finished board made especially for tympan packing. It should be used on most all work (especially when first class type, electros or other materials are used). The use of this board will produce a better job of printing (with less impression showing on the back of the printed sheet) and will prolong the life of your type. See *Printers Guide* for use of hard or soft tympan.

25 sheets	3¾ x 5⅝	for 3 x 5 press	**$1.05**
25 sheets	6 x 8¾	for 5 x 8 press	**1.40**

25 sheets	11 x 15	for 10 x 14 press	**2.10**
25 sheets	12 x 17	for 10 x 15 press	**2.40**

We cannot furnish any other sizes.

Tympan Assortments

Consisting of 100 sheets of good strong oiled tympan paper and 25 sheets of pressboard, a real smooth board made especially for tympan packing. With the use of this board you will find that your printing will be much sharper and clearer, the impression will not show up as much on the back of the printed sheet and your type will last much longer.

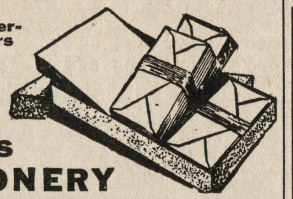

For 3 x 5 Excelsior Press, **$1.40,** 5 x 8, **1.95,** 6 x 9, 6 x 10 or 7 x 11, **2.60,** 8 x 12, 9 x 12 or 9 x 13, 10 x 14, **3.30,** 10x15, **4.00**

If your press is not our make, buy next larger size. WE CANNOT FURNISH ODD SIZES. Shipping Weights 3 x 5, 2lb: 5 x 8, 9 x 9, 6 x 10, 5lb: 9 x 12, 9 x 13, 10 x 14, 10lb, 10 x 15, 12lb.

See page B-8 for special cutting, trimming, punching, round-cornering and banding charges.

Not less than 500 of one size sold.

Boxes for Business or Personal Cards

Made of tough cardboard on which you can paste a white or colored label, these boxes not only make satisfactory shipping cartons but they give your customer a place to keep his cards.

Sizes are A (Men's Personal), and C (Business). See page B-7 for these sizes. All boxes are 1⅝ inches deep and hold 100 cards, except Heavy White and Heavy Colored.

Price—All sizes—when ordered with cards, not less than 1,000 cards to 10 boxes: 6 cents each; lots of ten or more, 5 cents each.

Price, without cards: one kind or assorted, per dozen, $1.02. Sample box, 9 cents.

	10,000	.96	1.22	1.22	1.47		1.37		2.31	2.74

Note:- You can mix or assort any of the 5,000 or 10,000 lots, using the 5,000 or 10,000 price, but do not order less than 500 of one kind, size or color of cards. We do not break, or sell less than, 500 lots. For other sizes use full sheet price (pg. B-4) plus cutting charge.

CUTTING, PUNCHING, CORNERING—In case our regular cut sizes do not meet all your needs—or if you wish punching or round-cornering done—we perform this work **before delivering,** on stock purchased from us at the rates given on page B-8. Cutting charge is for one size only, add 25 per cent for each additional size out of a sheet.

See page B-8 for punching, round cornering, trimming, etc.

How to Order

Cut sizes—You can mix or assort any of the 5,000 or 10,000 lots (not including News White or Colored Advertising) using the 5,000 or 10,000 price. In order to obtain this special 5,000 or 10,000 price *do not* order less than 500 of one kind or color, or mix different classifications.

Note:- Envelopes, Paper, Ruled Goods ,Cards and Blotters *can not be mixed together* to obtain the special price. Cover stock is grouped with paper.

Full sizes—The 100 sheet price on cardboard is good on 100 sheets of *one color only*, and the 500 sheet price on paper is good on 500 sheets of *one color only*. For 100 assorted cardboards, use the 50 sheet price; and for 500 assorted papers, use the 200 sheet price as these require counting out instead of using standard packages.

Full size sheets (25x38, 22x28, 17x22) in 12,24 and 48 sheet quantities will be shipped rolled. If wanted flat, add 50¢ per shipment. Two or more lots of different papers or cardboard on one shipment take only one such charge. Reason: expensive special crating or plywood must be used. No packing charge except on 12, 24 or 48 sheet lots.

Envelopes—Different sizes may be assorted when ordering to get the 1,000, 5,000 or 10,000 price. Symbols indicate: □ wallet flap; ▽ deep pointed flap; ○ commercial flap.

Ruled goods—Statements and Billheads of different sizes and styles may be mixed to obtain the quantity prices.

Stationery—You can mix or assort any of the numbers on stationery in lots of 5, 10 or 50 and use the 5, 10 or 50 quantity price.

6 x 7 sizes—Sizes listed as 6 x 7 are trimmed 3/16 of an inch under size in order that they may be used in size 6¼ envelopes.

Correct Sizes of Envelopes

8½ x 11 inch (regular business size letterhead) paper with one horizontal and two vertical folds will fit either a 6¼ or 6¾ envelope. With two horizontal folds it will fit either a 9 or 10 envelope.

5½ x 8½ in. (half size business letterhead) paper with two horizontal folds will fit either a 6¼ or 6¾ envelope. The 6¾ size is generally used.

7¼ x 10½ inch (monarch size) paper with two horizontal folds will fit the 7¾ envelope.

6 x 7 inch (popular stationery size) paper with one horizontal fold will fit a 6¼ envelope.

You can save money by buying stationery in the 10 box lots.
See Page B-6

MISCELLANEOUS

Linoleum Block Printing Supplies

Linoleum Blocks

You can cut your own design on these blocks, and save the cost of electrotypes. Use a knife for cutting, or our linoleum cutting tools. Fine for making silhouettes, lettering, maps, pictures, posters, etc., which can be printed on your press.

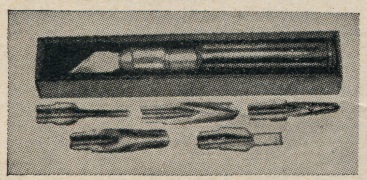

Our blocks are mounted type high, best grade linoleum used, blocks five ply laminated, to make them non-warping.

Sample Set
Of Bookbinding Material

Here is a set of bookbinding supply samples, which will make it easy to order what is required.

A sample piece of all coverings and bookbinding samples. (about 15) **.25**

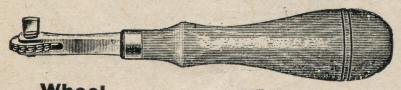

A USABLE Bookbinding Set

Here is a sample set that contains enough supplies to cover a book about 6x9 inches in size. The materials listed below have been selected to show you how easily you can bind a book. Also included in this sample set are about 15 pieces of coverings and bookbinding samples, which will make it easy for you to order what you need for the jobs you receive.

This set includes—a Bookbinder's Guide, 2 pieces of Binder's Board, 6x9; 2 End Sheets, 9x12; 1 piece of Supercloth, 2x8 inches; 1 piece of Buckram, size 12x18 (any one color); 8 inches of Silk Headbands; ¼ pound of Flexible Glue. - - - **$1.50**

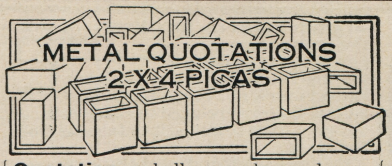

Hand Embossing Wheels

These wheels can be used for borders, gold tooling, etc. If desired the wheels may be heated and the design burned into the cloth or leather, as they are of hardened steel. Only one handle is needed, as the thumbscrew permits changing wheels at will.

Special Assortment No. 5
One Each of Every Size and Material (5cases), 75c

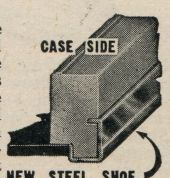

Cabinet-Front Type Cases

Illustration of California Full Size type case showing the strong construction of these cases. Bottoms are made of non-warping, moisture-resistant Masonite Presdwood and they all are equipped with patented steel shoes to make case slide easily, without sticking.

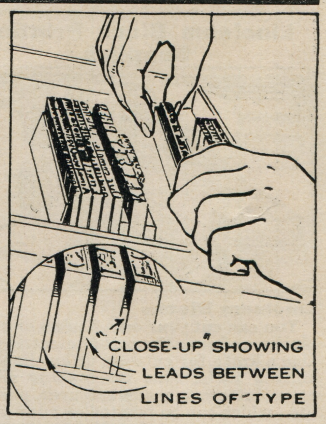

Cross-section side view of case, showing steel cabinet front, combination Pull and Label Holder, also Presdwood bottom.

Illustrating steel case shoe furnished on all Cabinet-Front type cases. Makes cases slide freely since the weight of case and contents is carried on these shoes, and bottom of case does not come in contact with case runs.

LEADS & SLUGS

Roller Containers

Made of heavy fibre board, screw-on top, metal ends and wood centers. Keep dust off and prevent extremes of moisture or dryness from affecting your rollers. Made in 3x5 and 6x10 sizes only. **25 cents** a pair *when ordered with rollers (or recast);* **45 cents** a pair if ordered separately. Specify size desired when ordering.

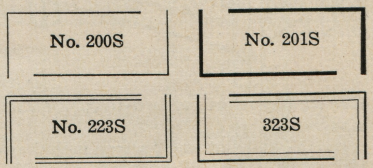

Brass Rule Corners

For use with Brass Rule

Round Corners are cast with a solid body, eighteen points square, mortised square inside and type may be set right against them.

Set of four of any one style, 1.20

Square Corners are made from rule brazed together. Type may be set close to the rule. To match Rule 202, invert 200S, 201S, or 223S.

Set of four of any one style, 1.75

Mitered Rule

Brass rule mitered to make a box (frame) in any size measurement as follows:

2 pt. rule, not more than 23 inches around the four sides (example : 3 in. wide x 4 in. deep—or, 4 in. wide x 7 in. deep) **1.20:** More than 23 in. but not more than 46 in. around all four sides, **1.95**

Size	2 pt.	3 pt.	4 pt.	6 pt.
1 box less than 23″ around	**1.20**	**1.45**	**1.50**	**1.95**
2 boxes each less than 11″ around	**1.70**	**1.95**	**2.00**	**2.45**
1 box larger up to 46″ around	**1.95**	**2.45**	**2.60**	**3.50**

Mitered boxes of metal rule 25% less. *Note:* This form is enclosed in a box (frame) less than 23 inches around —actually 7⅝ inches.

Cutting Charges

on Brass or Metal Rule

(STEEL RULE, **double** charges below)

Add to cost of rule:

2 to 4 cuts, per strip - - -	$ .25
5 to 9 " " - - -	.30
10 to 14 " " - - -	.35
15 or more " - - -	.50

25% off on 5 strips or more cut to one size.

An allowance of one-half pica for each cut must be made on all rule.

Mitering Charges

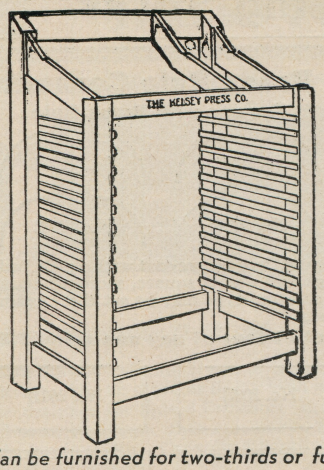

on Brass or Metal Rule

Add to cost of rule plus cutting charge: 45 cents for each 4 corners (8 mitered ends).

Example: 1 strip No. 200 brass rule	.52
Cutting charge, 4 pieces 5 in. long	.25
Mitering 4 corners (8 ends)	.45
total	1.22

Note: When ordering rule cut and mitered remember to figure the outside dimensions of the desired border; for example, this piece of rule should be figured as three picas long instead of two picas.

Excelsior Case Stand

Can be furnished for two-thirds or full size type case

Holds twelve cases (fourteen including two on top) regular Excelsior or other two-thirds cases. A very strong, durable stand made of hard wood and put together with bolts in the most substantial manner. Will last a lifetime. At this low price you cannot afford to let your cases lie around haphazard.

No. 41 Excelsior Case Stand, for all **two-thirds** size cases, - **$21.50**

No. 43 Excelsior Case Stand, same as above for **full size** cases, - **21.50**

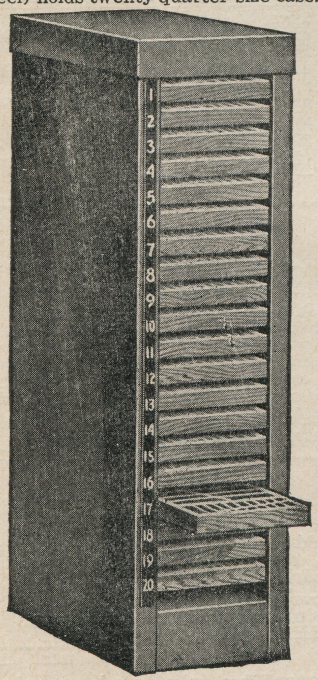

No cases included at above prices. See Price List for prices of cases to fit either Case Stand.

Shipping Weight, No. 41, 37 pounds; No. 43, 40 pounds.

Utility Case Cabinet

No. 715

(steel) holds twenty quarter-size cases.

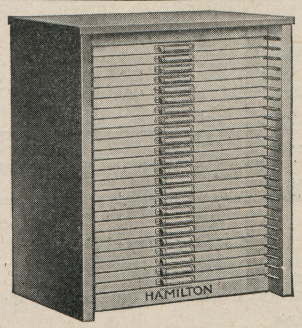

Handy for storing all quarter-size cases, such as, Brass Rule, Cap Figure, Space and Quad, etc. Olive green baked enamel finish, height 38¼ inches. Floor space 10¼x15½ inches. Without cases, **35.75**

Shipping Weight, cabinet only, 57 lbs.

Steel Working Cabinets—Flat or Sloping Top

These cabinets are the best on the market. They are used in the finest printing shops; are dustproof, take little space and will prove timesavers to any printer.

While these cabinets were originally designed for the newer cabinet-front type cases, they can be used with any ordinary type case, if the lip at the top is shaved off and a drawer pull handle applied to the case. All of these steel cabinets have smooth baked enamel finish, the top is a durable black baked enameled finish. The Flat Top Cabinets are 43 inches high. The two-thirds size cabinet is not made with slanting top.

No. 041C Flat Top Cabinet with ⅔ cases

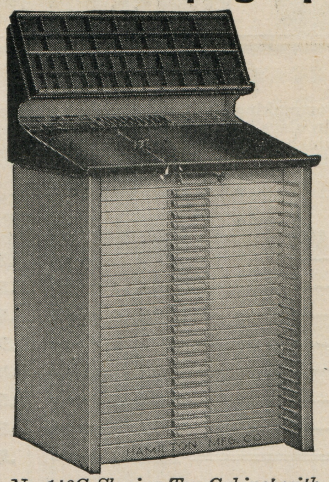

Nos. 143 and 043 bodies are 21½ inches deep and 34⅞ inches wide. These cabinets are, as can be seen, 4 inches deeper than the normal depth of the type case, so all compartments of every type case can be reached by pulling out the case without taking it out of the cabinet.

Note—The flat top on No. 043 cabinet can be removed at some later time, if desired, and No. 143 working top substituted.

No. 041 Flat Top Cabinet, to hold two-thirds cases, steel, baked enamel finish, without cases, - - - **$44.25**

No. 043 Flat Top Cabinet, to hold full size cases, steel, baked enamel finish, without cases, - - - **44.25**

No. 143 Sloping Top Cabinet to hold full size cases, steel, baked enamel finish, without type cases, lead and slug cases, spacing material cases - - **75.50**

No. 143C Sloping Top Cabinet with full size cases, spacing material cases

No. 041C Flat Top Cabinet with matching cases (California ⅔), **$141.75**

No. 043C Flat Top Cabinet with matching cases (California full size), **162.00**

No. 143C Sloping Top Cabinet with over head rack and 24 cabinet-front cases (California full size) equipped with combination label holders and drawer pulls; but without spacing material cases shown in cut, - - - - - - **192.25**

Lead and Slug Cases (special) shown in overhead rack, - - - **15.25**

Spacing Material Cases (special) as shown on working top, (set of 3) **9.00**

Overhead Light, not shown, **5.50**

Cabinet-Front Type Cases

These cases have cabinet fronts, with combined case pulls and label holders. The bottoms have steel runners for easy sliding in the cabinet.

California Case, full size, **5.00**

Furniture and Reglet, strips of hard wood very accurately cut to various widths from 6 to 120 points and 1 yard long, thoroly oiled to prevent warping. When 12 points or less in width, it is called reglet and when wider than 12 points it is called furniture. Easily cut to any desired size. Used to fill blank spaces in and around form. Reglet is often used in place of more expensive leads or slugs. May be cut with a fine saw by the user or see labor saving fonts of different sizes on this page.

NOTE—Quantities of less than 25 yards (either one kind or assorted) will be cut in two for ease in shipping unless otherwise specified. *If wanted full length,* **add 25 cents** *per shipment.*

Labor Saving Wood Furniture

Fonts consist of an assortment of 2, 3, 4, 5, 6, 8 and 10 pica widths and lengths increasing by 6 pica steps, from 6 picas to the full size listed. One of these fonts contains enough material to fill several chases of the size listed.

Cases or racks are not made for these, but you can make your own or use blank or adjustable case shown on type case page.

NOTE: Font No. 3 fills a space 3x5 inches; No. 5, 5x8; No. 6, 6x10; No. 9, 9x13. Each font also contains nine pieces of 2x4 Metal Quotation.

NO. 10 LABOR SAVING WOOD FURNITURE & CASE

This furniture is made from selected hard wood, planed perfectly straight and smooth, and accurately cut on the point system. Each font contains five pieces each of 10, 15, 20, 25, 30, 40, 50 and 60 picas in length, by 2, 3, 4, 5, 6, 8 and 10 picas in width, 280 pieces in all. Each piece is thoroly oiled, to prevent warping or swelling and stamped on end with the size. One of these fonts is a first-class investment for any printer. The cost is but slightly more than strip furniture and it is cut and finished perfectly square and much more accurately than can be done by the printer. The furniture for any job is always ready, without cutting or fussing. The case is built from thoroly seasoned hard wood, very strongly made, handsomely finished and varnished, and will last a life time.

Furniture and Case, as shown in the illustration above, - **$29.50**
Shipping Weight 58 pounds.

Font No. 10 Furniture, only, as described above, 280 pieces, **16.50**
Shipping Weight 30 pounds.

Font No. 10A Furniture, two pieces of each size above, 112 in all, **8.55**
Shipping Weight 13 pounds.

Case only, for above fonts, **13.00**
Shipping Weight 28 pounds.

AN EASY WAY—to buy cut-to-order

Reglet and Furniture

For ease in figuring lengths you need—

18 points = ¼-inch	42 picas = 7 inches
72 points = 1 inch	84 picas = 14 inches
12 points = 1 pica	6 picas = 1 inch
72 picas = 1 foot	

Larger quantities at proportionate prices (55, 60 or more pieces).

.95 for any single quantity and size listed below. Sizes or quantities cannot be assorted at this price.

Quantity	Only one Width	Any one Length from
50 pieces	6 or 12 pt.	1 to 42 picas
25 pieces	6 or 12 pt.	43 to 84 "
40 pieces	18 pt. (¼")	1 to 42 picas
20 pieces	18 pt. (¼")	43 to 84 "
25 pieces	24 pt.	1 to 42 picas
12 pieces	24 pt.	43 to 84 "
20 pieces	36 pt. (½")	1 to 42 picas
10 pieces	36 pt. (½")	43 to 84 "
16 pieces	48 pt.	1 to 42 picas
8 pieces	48 pt.	43 to 84 "
12 pieces	60 pt.	1 to 42 picas
6 pieces	60 pt.	43 to 84 "
10 pieces	72 pt. (1")	1 to 42 picas
6 pieces	72 pt. (1")	43 to 84 "
9 pieces	96 pt.	1 to 42 picas
5 pieces	96 pt.	43 to 84 "
8 pieces	120 pt.	1 to 42 picas
4 pieces	120 pt.	43 to 84 "

We cannot cut less than quantity specified of one size. Minimum quantity cut **95** cents' worth.

Inks, Compounds, Hand Rollers

Kelsey Inks

Some inks are much heavier than others, and bulk less to the pound. One pound lots of ink can be furnished in tubes for forty cents extra.

BLACK INKS	¼-lb. tube	1-lb. can
Bond Black, a stiff ink, for hard surface papers, such as bonds, ledgers, etc.	$ .48	$1.14
Book Black, a soft ink for book papers and circular printing	.48	1.02
Halftone Black, a soft ink for cuts, halftones and work on coated papers	.58	1.44
Glassine Black, for use on glassine and waxed papers, parchment, cellophane, celluloid, pyroxylin and all surfaces on which the ink must dry on the surface rather than penetrate the stock on which it is used	1.03	2.58
Ezy-Klene Black, a dense black ink which will not dry on the press or rollers—only on paper or card	.63	1.20
All-Purpose Black, for general every-day use	.48	1.06
Black Ink Kit, 4-oz. tube each of Bond-, Book-, Halftone- and All-Purpose black inks		1.60

ALL-PURPOSE COLORS		
For general use. Any tint or shade may be made from these colors and mixing white (instruction sheet with ink on request).		
Blue, Deep Red, or Fire Red,	.59	1.74
Brown,	.57	1.38
Orange,	.58	1.68
Green, Yellow,	.56	1.26
Purple, extra fine for general use	.96	2.04
Special Heavy, Cover White, for printing white on dark surfaces, including black	.56	1.26
Special Mixing or Tinting White, for making lighter tints of all colored or black inks. *Not to be used for printing white on black*—use Cover White for that.	.48	1.02
Ink Color Mixing Kit, 4-oz. tube each of Deep Red, Yellow, Blue and Mixing White	--	2.05
Silver Ink, ready to use,	1.18	3.30
Gold Ink*, mix when ready to use.	1.95	5.98

**Directions for mixing on each container*

Ink Drier, to use in your ink when it is necessary to make it dry faster than usual, or when ink dries slowly. *Use very sparingly.* Quarter pound handy screw top can, .45

Ink Reducer, a liquid for preventing sticking of ink rollers or paper. *Use only a few drops.* Per bottle, .72

Thinning Varnish, for thinning ink when it is too stiff to work properly. *Use only a drop or two at a time.* ¼ lb. handy screw top can, .43

Gloss Varnish, to put in ink to make a shiny impression or can be used alone to give a shiny surface to a label or any other printing desired. For making a glossy after finish, a tint block may be used with this gloss varnish in place of ink. Valuable for thickening ink. Quarter-pound handy screw top can, .40

Anti-offset, Anti-picking Compound. A paste compound which is mixed into the ink to overcome offsetting or picking, especially on coated paper or cards. Only a very small quantity is used and it can be mixed on the ink plate or on an ink slab. Per tube, .50

Embossing Compounds for Raised Printing

Instructions for raised printing, (plateless embossing or engraving) 5 cents, or free with compounds and inks, if requested.

For Bond Black or All Purpose colored inks, which we recommend for plateless embossing, use gloss or dull embossing compounds.

Gloss, or **Dull,** tube, $ .79
½ pound, **2.06** 1 pound, **3.96**

Special Tan Ink, for use with either bronze or aluminum embossing compound, ¼-lb. tube, **.84** 1 pound, **2.64**

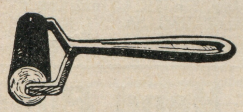

Bronze, or **Aluminum,** tube, **1.27**
½ pound, **3.66** 1 pound, **6.60**

New England Inks

New England inks are made to fill the demand for a lower priced ink with somewhat less body than regular Kelsey Inks. These inks are suitable for poster, circular and other low-priced work. They may also be mixed with regular inks when the higher grade is a little too stiff to work on some kinds of stock; or the regular ink can be used to stiffen New England inks. Owing to their low price, they cannot be sold in smaller quantities than one pound.

Poster Black Ink, 1 lb can, $ .60
Poster Colored Inks, Red, Blue, Green or Yellow 1 lb can, .78
Five pound lots, one kind or assorted, your own selection, black and colors, **3.30**
Standard five pound assortment, if you do not specify colors, 1 lb each, Black, Red, Blue, Yellow and Green, **3.12**

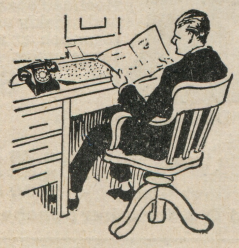

Hand Rollers

Hand Inking Roller, 5 inch, complete with handle, **1.75**

Rubber Roller, 4 inch, with handle, can be used to ink up linoleum block cuts, electros, type forms, etc. or it may be used as an impression roller for making proofs. Roller with handle, **1.00**

Ink Tints and How to Obtain Them

Magazines, with their colored pages, are printed in only four colors, no matter how many tints and colors are visible. The colors used are red, yellow, blue and black. All the browns, oranges, purples, greens and their infinite variations are produced by printing one or more of the four colors.

You have the opportunity of using this same method. To simplify your work, you can buy, not only the red, yellow, blue and black ink, but the green, brown, orange and purple. This makes it unnecessary to print one color over the other on ordinary work. But, if you get a job calling for green as well as blue and yellow, the simple thing to do is to print the blue over the yellow for the green, rather than put it thru the press again for the green alone.

There are hundreds of tints in all colors, and to the expert there are thousands. Obviously it will be impossible for any ink maker to carry all of them on hand, and just as obviously, the printer cannot afford to tie up his money in bewildering variety of tints.

For mixing purposes, you will want a piece of glass or marble slab. An ink knife, a putty knife, or some similiar instrument is needed for the mixing. The ink knife, being made for the purpose, is most satisfactory. To get your color be sure that you use the lightest ink as the

base, and put very little of the darker in until you find out what is necessary. For grey, use white with a speck of black mixed in. Likewise, in making green, yellow should be used as the base, with a little blue added, etc.

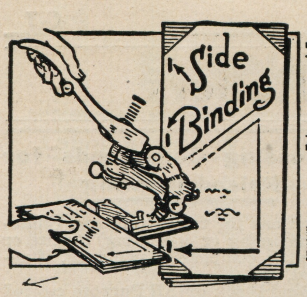

For lighter tints of blue, red and other regular colors, use white, and tint with the color. Try a few tints, and see what pleasing combinations you can make with very little work.

Ink Knife

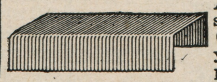

Ink Knife for mixing tints, colors, and "working up" ink to easy printing consistency; 3½ inch, square end blade, wood handle, .45

Ink Mixing Slab

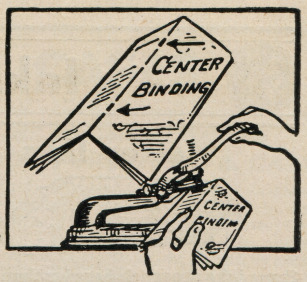

White marble, planed and polished, size 8 x 12 x ⅞ inches. Makes an excellent surface on which to mix ink tints and colors, each **2.95**

Punch, Staplers

All staples used on the binders and staplers shown below are cohered (frozen together) which enables you to load the machines without piing or spilling the staples.

No. 1 Improved Binder

$14.00

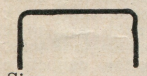

This Binder will effectively meet all the needs of a small printing office. It takes 100 staples at a time and will bind from two sheets to one-fourth inch, no changes or adjustments being required for difference in thickness. Equipped with anti-clogging device and flat table. Has a reach of 4¼ inches. Uses staples with ¼ to ½-inch leg.

With Complete Instructions

Shipping Wt. 12 pounds

Staples

Size

Raised Printing, Inks, Hand Rollers

Make Raised Printing—That Popular Embossed Effect—with Your Press

Raised Printing Unit only, - - $12.00

This Raised Printing Machine is simple to operate, and for efficiency has an asbestos lining with a chrome plated reflector—designed for Raised Printing. It will handle cards, letterheads, weddings, announcements, menu covers, etc. up to 12 inches in width. Capacity 500 letterheads per hour on any 110-120 volt current.

The RAISED PRINTING OUTFIT consists of:

Embosser
Bond Black Ink, 4 oz. tube
Red Ink, 4 oz. tube
Blue Ink, 4 oz. tube
Gloss Compound, tube
Dull Compound, tube

COMPLETE INSTRUCTIONS WITH EVERY OUTFIT

Most of the cards, stationery, etc. which you see nowadays, which look engraved, are not engraved at all. We are now able to offer every Kelsey Press owner an outfit which will produce this handsome work—black or colors—at a remarkably low price.

Shipping Weight 10 pounds

Complete Outfit Ready for Work $14.95

This machine is NOT a press but is used with a press. Printing is done in the usual manner, and then each sheet is dusted with our Special Embossing Compound and put in the Raised Printing Unit. The effect is magical—a beautiful embossed appearance which can only be distinguished from actual embossing by the experienced.

INKS

We are listing those of our inks which are suitable for use when embossing.

	¼ lb tube	1 lb can
Bond Black	$ .48	$1.14
Deep Red	.59	1.74
Fire Red	.59	1.74
Blue	.59	1.74
Yellow	.56	1.26
Green	.56	1.26
Brown	.57	1.38
Orange	.58	1.68
Purple	.96	2.04
Tan (use with bronze or aluminum compound)	.84	2.64

NOTE:-Dull Compound doesn't produce a "raise" so much as a rough finish. U. S. postage stamps are good examples of the engraved surface this powder reproduces. For highly raised surfaces use gloss compound. Dull and gloss may be mixed for different degrees of raise.

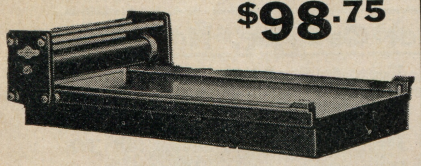

COMPOUNDS

Gloss (bright) or Dull (plate finish)—Tube $ .79; ½ lb. 2.06; 1 lb. 3.96; Bronze or Aluminum tube, 1.27; ½ lb. 3.66; 1 lb. 6.60

Read Carefully When Ordering An Embossing Outfit.

The Excelsior Raised Printing Outfits can be used on 110-120 volts A. C. or D. C. and plug into any electric light socket. Furnished complete with six feet of cord. Cannot be used where there is no electricity nor on any other voltages.

12 x 21-inch PRINTING PRESS $98.75

No. 02 Proof and Poster Press

The No. 02 Press, while originally made for printing proofs, has become popular with all printers who, in addition to proof work, have short runs of large jobs, but don't feel justified in making a large investment in additional equipment.

This press is popular, too, with advertising managers, advertising agencies and all firms requiring first-class printed proofs of cuts, type forms, plates, etc. Schools use it for linoleum block work, for producing school newspapers, and posters of school events to be put up in store windows.

Cast iron bed, accurately machined. Roller-bearing action thruout assures easy action on heaviest forms. Steel bearers on cylinder 1-inch wide. Accurate cylinder with hard outside covering and softer core.

Owners of Excelsior or other presses can use the ink plate and roller of their present machines with these presses.

No. 02 Roller-bearing Proof and Poster Press

With galley thickness bed plate, **$98.75**

Inking Outfit (consisting of marble ink slab, tube of All-Purpose Black ink, hand roller and handle) - **5.18**

How to Order

Cut Sizes—You can mix or assort any of the 5,000 or 10,000 lots (not including News White or Colored Advertising) using the 5,000 or 10,000 price. In order to obtain this special 5,000 or 10,000 price *do not* order less than 500 of one kind or color, or mix different classifications.

Note:- Envelopes, Paper, Ruled Goods and Cards *can not be mixed together* to obtain the special price. Cover stock is grouped with paper.

SAVE MONEY

Always buy in 1,000 lots—but you can get 2 sizes of paper, cards or envelopes (500 of each) and obtain the 1,000 lot price on each. However, please do not mix envelopes, papers and cards—price is for 1,000 paper only, cards only, etc.

Please be sure to show numbers or names on all items. If stationery, cards or paper, state color and size. If type, whether regular font, large font, or what part—also size—6 point, 8 point, etc. If you have bought from us before under another firm name, or have moved since you ordered last, it will help if you give your old firm name or address.

Terms—Cash with order. On orders for $10.00 or more, if one third cash accompanies order balance may be shipped C. O. D. in U. S. A. Send check, postal, express or bank money order. We will ship telegraph order if money is wired at the same time. Any amounts due on previous orders will be added to last order and collected C. O. D. If exact amount of order is unknown, send estimated cost, balance may be C. O. D. On orders for $3.00 or more where *all* cash accompanies order, you can deduct 2%, which is the saving we make on bookkeeping when no C. O. D. is required. **Before sending in your order,** look carefully over your catalog and be sure you have included everything you need. We must respectfully decline to fill orders amounting to less than one dollar, because the loss on such orders is so great that we must otherwise make it up in some other way and we prefer to keep prices low. Many orders for less than two dollars are handled by us at an actual loss and we earnestly request the cooperation of our customers in reducing this whenever possible.

Envelopes—Different sizes may be assorted when ordering to get the 1,000, 5,000 or 10,000 price. Symbols indicate: □ wallet flap; ▽ deep pointed flap; ○ commercial flap.

Ruled goods—Statements and Billheads of different sizes and styles may be mixed to obtain the quantity prices.

Stationery—You can mix or assort any of the numbers on stationery in lots of 6, 12 or 48 and use the 6, 12 or 48 quantity price.

6 x 7 sizes—Sizes listed as 6x7 are trimmed 3/16 of an inch under size in order that they may be used in size 6¼ envelopes.

SPECIMENS of TYPE

CONNECTICUT TYPE FOUNDRY

THE KELSEY CO. MERIDEN, CONN. 1-20-49

GRADE "A" FOUNDRY TYPE—This type is made from the best alloy metal, standard height (.918 of an inch), on made-to-order type casting machines; and will work on any standard printing press.

Large, Regular, Medium and Cap Fonts—We list and supply many of our type faces in two sizes of complete fonts, LARGE and REGULAR (⅓ the Large font) and "CAP" fonts (capital letters only). In some cases, MEDIUM fonts are supplied where the large font will not split into thirds satisfactorily. If you wish the small letters **(lower case only)** subtract the cost of the cap font from the large font. We *do not* split the regular or medium fonts into separate caps and lower case. Type in large fonts is much more economical to use, but for the convenience of those who require only a small quantity of some styles we list both sizes. Spaces and Quads furnished only with regular, medium and large fonts, not with separate cap or lower case fonts.

Spaces and Quads Included Free With Every Large Font, Medium Font, or Regular Font—Please note that all large, medium or regular type fonts listed here include spaces and quads—(one six-inch line of separate pieces) at *no extra charge*, which the prices of other foundries do not.

Type for Printing in Foreign Languages—Spanish, Italian, French, Swedish, Polish, Portuguese and other foreign language printing requires extra characters. Ask for prices.

IMPORTANT—Order by number and price ABOVE specimen lines. Do NOT use numbers or prices below specimens. Do not cut this book.

Below is a specimen font of type, to give you an idea of how an assortment (font) is made up. When lower case (small) letters are put in fonts they are put up in approximately similar proportion.

Characters of Calendar

With one of these Perpetual Calendar Fonts you can set up a calendar for any month, in a very short time, and as quickly change it to any other month as required. All the dates, days of the week, blank squares, type for months and year, all rules, spaces, everything to make the complete Perpetual Calendar are included in the font. Each date and each day of the week is cast in one piece and are as easy to set as a line of quads; all rules are all cut to length and mitred to fit. Good for any month or year.

Complete Font, $4.75

Perpetual Calendar
FONT NO. 15

10

Figures same size as this single figure shown here, make a calendar 3½ x 4½ inches, similar to Font No. 9. *Shipping Wt. 7 lbs.*

31						

Actual size of calendar

Regular font to take care of any month, any year, (including rule border). **$2.60**

Large Font includes all calendar material (but no rule border, month or year). The same as the Miniature Calender Font, so that you can put it together to take care of full twelve months in one setting. - - - - **$7.05**

Shipping Wgt. Large 3 lbs; Regular 1 lb.

The large font is particularly useful for making up yearly calendars larger than our Miniature Calendar and can be used on large cards, blotters, and all kinds of advertising matter.

Miniature Calendar Font
Makes up ANY and EVERY year

These fonts consist of solid, cast characters for the days of the month, for the month and days of the week in one piece, and for the months alone, to be used in some styles of calendar, also separate figures for the year. These various characters are shown below. While the electrotype calendar shown on this page is an example of one style which may be made up from one of these fonts, there are many other ways in which they may be set. Each font has material to set any two consecutive years.

$8.05 per Font

No. M1149 $1.75 (Any year desired)

Quad Rule

Width in Points ☞ 72 60 48 36 30 24 18 12

12 Point Body 12 pt. font contains 20 lines (120 inches) of separate pieces (approx. 5lb)

18 Point Body 18 pt. font contains 13 lines (78 inches) of separate pieces (approx. 5lb)

Assorted Quad Rule (your selection)

Quad rule sorts are now available in any of the sizes listed. One pound of 12 point measures approximately 24 inches long, 18 point approximately 16 inches long.

12 point, 120 in. (twenty 6-inch lines) all one width 8.75
1 to 3 six-inch lines 1.85 per line; 4 to 7 six-inch lines 1.40 per line; 8 to 15 six-inch lines .95 per line.

18 point, 78 in. (thirteen 6-inch lines) all one width 8.15
1 to 3 six-inch lines 2.20 per line; 4 to 7 six-inch lines 1.65 per line; 8 to 16 six-inch lines 1.10 per line.

IMPORTANT—Be sure to specify width in points, also whether 12 or 18 point body is desired.

How to Make Rule Forms with Quad Rule

Buy quad rule for horizontal lines. If lines are longer than 72 point, you can put two or more together to make an unbroken line. Use 1-point rule for perpendicular lines—No. 100 for light lines, No. 101 for the heavier, or even 2 or 3 point rules for heavier lines or combinations of lines. Above sample shows all standard widths of quad rule and both 100 and 101 rules for the up and down lines.

For Quickly Making Up Rule Forms

By the use of quad rule almost any rule form can be set up in a few minutes, as easily as setting a line of ordinary quads. A font consists of approximately the following:

12 Point Font		18 Point Font	
24 pieces 72 pt.	28 pieces 30 pt.	16 pieces 72 pt.	27 pieces 30 pt.
28 pieces 60 pt.	54 pieces 24 pt.	21 pieces 60 pt.	18 pieces 24 pt.
27 pieces 48 pt.	24 pieces 18 pt.	18 pieces 48 pt.	18 pieces 18 pt.
24 pieces 36 pt.	42 pieces 12 pt.	17 pieces 36 pt.	31 pieces 12 pt.

Enables you to make a column any width from 12 points up, using rule to separate the columns as shown above, **per font (five pounds),** 12 point body **$8.75** 18 point body **$8.15**
Shipping Wgt. 6 lbs.

Satl

Wood Type Headings

ICE, BASEBALL, DANCE, SALE, ETC.

Wood Type is used for all sorts of large work, and for two or three words like "For Rent," "For Sale," "Dine and Dance," "Closed Saturdays," etc.

Shipping Weight, Nos. 940, 960, and 980 eleven letters, 1 pound. 4100, 4120 ten letters; average 1 pound.

Wood Type is cheaper for large work and lasts just as long.

Astronomical Signs

Set of four, **$1.00**

Fractions

Not made to match other faces. We can furnish only those shown below.

Fractions, Roman, En set, 8, 10 **or** 12 point, assortment of 100, - - - **$ .90**

10 point Roman En Fractions 7/8 5/8 3/8 1/8 2/3 1/3 3/4 1/4 1/2

Roman, Em, 6, 8, 10, 12 point, asst. of 100, **1.70**

8 point Roman Em Fractions 1/2 1/4 3/4 1/3 2/3 1/8 3/8 5/8 7/8

Bold, Em, 8, 10 **or** 12 point, asst. of 100, **1.70**

8 point Bold face Em Fractions 1/2 1/4 3/4 2/3 1/3 1/8 3/8 5/8 7/8 1/6

Not more than one size or style to an assortment. In ordering be sure to state which is wanted. Regular assortments are based on average requirements. Assorted to order, add 50 per cent to above prices.

Self-Spacing Piece Fractions

1234567890 1234597860

(10 pt.) 1234567890 1234567890

The forty characters shown above are sufficient to make up, by various combinations, *any fraction* desired, even uncommon, seldom used fractions. Made this way: 1 / 8 makes 1/8, 1 / 7 makes 1/7, 4 / 1 9 makes 4/19, 1 / 1 0 6 makes 1/106.

8 Point Font, (app. 320 pieces,) 3.25

10 Point Font, (app. 240 pieces,) 3.25

6 and 12 point cannot be furnished.

For less than a font, use "Extra Letters" prices.

Bold Combination Fractions, for use with all bold faces of type.

1/4 1/2 3/4 1/3 2/3 1/8 3/8 5/8 7/8 1/1 3/1 5/1 7/1 9/1 3/3 5/3 7/3 9/3 1/6 3/6 5/6 7/6 9/6 1 2 3 4 5 6 2 4 6

(10 point)

With these characters, all of the fraction twelfths, sixteenths, thirty-seconds and sixty-fourths can be made by combining two or three characters. The fraction half, quarters, thirds and eighths are made with one character.

This way: 4 / 6 4 makes 4/64; 5/1+6=5/16.

8 Point Font, approximately 235 pieces, 2.30

10 Point Font, approximately 215 pieces, 2.55

12 Point Font, approximately 185 pieces, 2.70

For less than a font, use "Extra Letters" prices shown in price list.

#4120, 3 Letters or less, $2.30; 4 to 9 letters, 60¢ each; 10 to 64 letters 48¢ each; 65 or more, 24¢ each. Lower case letters and figures at same prices.

M

#4100, 3 Letters or less, $2.10; 4 to 9 letters, 55¢ each; 10 to 64 letters 44¢ each; 65 or more, 22¢ each. Lower case letters and figures at same price.

Accented Letters

Accents can be furnished in Century Roman, Century Roman Italic, Ad-News Condensed and Continental for all languages listed below.

Class 1—Croatian, Danish, Esperanto, French lower case, German, Italian, Norwegian, Portuguese, Slovenian, Spanish, Swedish, or Tagalog.

Class 2—French or Polish.

Class 3—Bohemian, Hungarian, Roumanian or Slovak.

Prices per font (accents only) *for one language only.* Please specify language wanted when ordering.

Size	Class 1	Class 2	Class 3
6 Point	$ .85	$1.10	$1.60
8 Point	.90	1.30	1.70
10 Point	.90	1.60	1.80
12 Point	.95	1.70	2.15
14 Point	.95	1.75	2.50
18 Point	1.10	2.05	2.80
24 Point	1.30	2.35	3.10
36 Point	2.05	3.25	4.40
48 Point	2.80	4.70	6.45

NOTE:—Price list above does not cover fonts of accents for Kelsey Script (123, 143, etc.), Announcement Script (514, 518, etc.), or Typewriter (710, 712.) Accents for these faces are sold at ten per cent of the price for a Large Job Font of type, (not 10% of accent font) for languages listed in class 1; twenty per cent for languages listed in class 2; and thirty per cent for languages listed in class 3.

Wood Type Prices

Dependable Machine Made

NEW ENGLAND TYPES

NEW ENGLAND TYPE is cast on FOUNDRY, not composition machines, of REGULAR TYPE FOUNDRY METAL, has accurate alignment, good nicks and is durable.

We shall continue to furnish extra long wearing type, under the CONNECTICUT TYPE FOUNDRY trade-mark, shown in our catalog and the two grades should not be confused.

You can make up your mind that any type offered at less than our CONNECTICUT TYPE FOUNDRY prices will not give the service of our NEW ENGLAND type. We have the means of furnishing the best in both grades, and at the lowest prices. **We carry no other sizes or styles. No orders for less than $1. No Discount, No Free Spaces and Quads.**

36 inches, not less than 18 inches of a width, - - - - - - - - -

Any additional amount per 18 inches, - - - - - - - - - - - -

For Quickly Making up Rule Jobs

Tabular quads are used for quickly setting rule jobs similar to the ones shown here. No short pieces of rule to handle, nothing but solid pieces of type 12 points square or larger.

Tabular quads are cast on two sizes of body, 12 and 18 point. Each size is made in six widths, 12, 18, 24, 30, 36 and 48 point, enabling you to make columns of any width from 12 point up. Ordinary rule is used between the columns of tabular quads.

When ordering be sure to specify whether twelve or eighteen point body is wanted.

REPAIR AND BIND BOOKS

An inexpensive equipment starts you in this interesting and profitable field—an ideal hookup with printing.

Bookbinding may be pursued as either a hobby or a money-making enterprise, or the two objects may be combined—a most pleasing and satisfactory way of earning money and enjoying yourself while doing so. It may be carried on in conjunction with a printing business, or separately—you don't have to own a printing outfit to be a bookbinder.

There are all sorts of bookbinding jobs—magazines like the *National Geographic* may be bound and kept, books whose bindings are damaged, minutes of meetings, scrap books may be made, etc. If you want to make money you can put a small classified advertisement in your local newspaper, offering your services. Books in libraries are in constant need of rebinding, and a nice business may be picked up thru an arrangement with the town or city library. As a means of artistic expression, bookbinding vies with fine printing, and there is almost no limit to the possibilities, either as a fine art or as a bread-and-butter proposition.

The following materials have been carefully selected to give you a satisfactory range for all ordinary bookbinding, in quantities small enough to be practicable, and at prices which are lower than are obtainable elsewhere except on a much larger volume of merchandise.

Our Bookbinder's Guide is furnished free with each complete outfit, complete set of tools or with any order for supplies amounting to $3.00 or more when requested. Regular price of this Guide otherwise is 15 cents.

This Bookbinder's Guide is written the same as our Printer's Guide with the inexperienced person in mind. It has been repeatedly tested by beginners and you'll be surprised at the simplicity of bookbinding as it proves to be with these instructions.

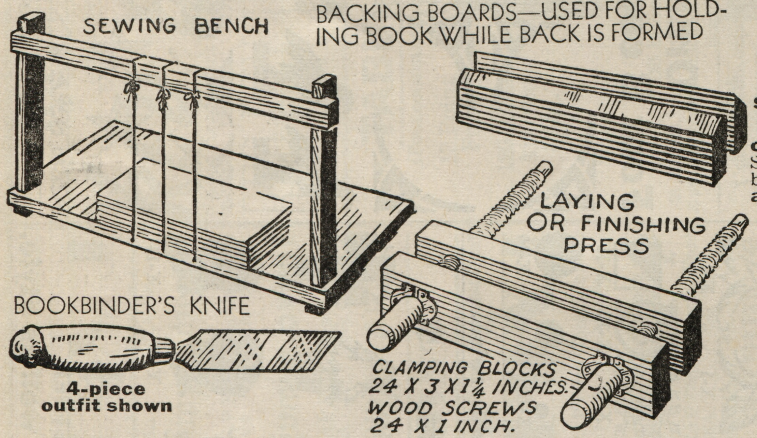

Other items shown in the Printer's Supply Book which can be used in bookbinding are:

Bodkin—for piercing holes in sheets for overcast or whipstitch sewing.

Card Cutters—for trimming cards, paper, leather and cloth covering materials, etc.

Printer's Paste—for repairing and making up covers, tipping in illustrations, etc.

All small cuts and emblems can be used on book covers for decorations, etc. These cuts will be found listed in the Cut Circular and elsewhere in the catalog. Our standard printer's type can be used for stamping on short runs. Also see padding equipment listed in the catalog. Padding clamp may be used for pressing books, either repaired or newly bound.

4-piece outfit shown

COMPLETE Bookbinding Outfit

With supplies for binding several Books or Magazines

The special price introductory outfit consists of tools (Laying Press, Sewing Bench, Backing Boards, Bookbinder's Knife), as illustrated, **with the addition of:**

½-yd. Heavy Super Cloth

Can be used for reinforcing bindings which are becoming loose, for cloth joints any place where either strength or a finishing touch is required. 10 yd., strip, 30 yds., 150 yard roll 300 yard roll,

White Gummed Holland Cloth, one inch wide, for cloth joints or reinforcing. 10-yard strip, 30 yards, 300 yard roll,

Bookbinder's Thread, for hand sewing of books. ½-ounce skein,

Hand Sewing Needles, for sewing books. One, 6 for 12 for

Folder, for hand-folding sheets and rubbing down joints after book is made up. Each,

Genuine Gold Leaf, hand-beaten, for decorating covers and edges of books; 22¼ karat gold, leaves 3⅜x3⅜ inches. Book of 25 sheets, Not available.

Gilding Powder, a very convenient ready-to-use dry adhesive for gold leaf. 1-ounce box, Not available.

PUNCHING DIE

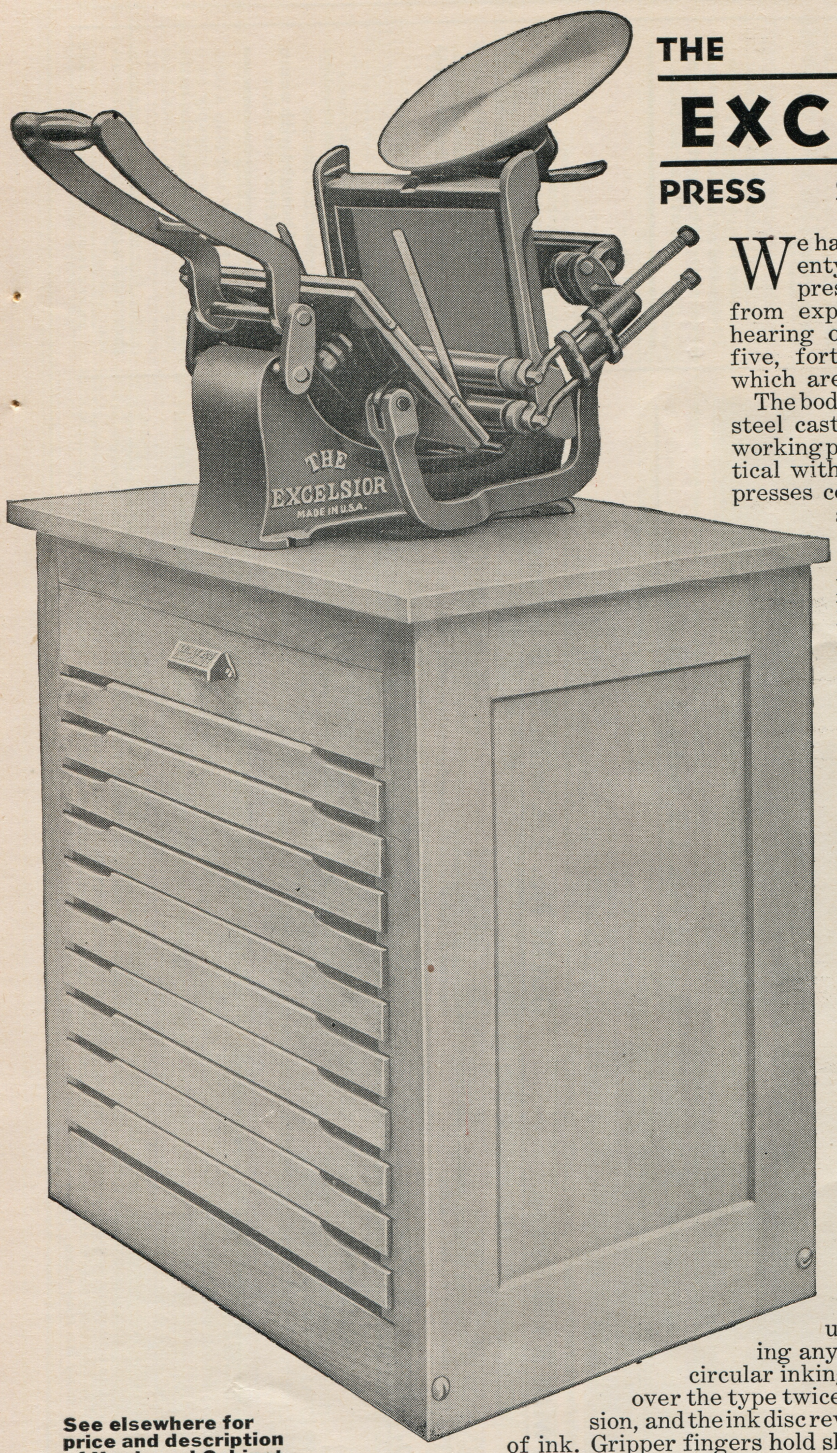

Round-hole punch for use in press

Small steel devices like em quads, but type high, with a circular cutting edge and spring ejector plungers for pushing out waste automatically.

Punching die is locked in the chase and set on the press like any type form. A small piece of brass (supplied with each punch) is glued on tympan and punch works against this, with paper or card stock to be punched in between. Gauge pins are set on tympan, and paper or card sheets fed same as any other job. As many punches as required can be put in press at once for multiple-hole punching. Punches round holes ¼-inch in diameter.

THE EXCELSIOR PRESS

Self-Inking, Portable

See elsewhere for price and description of Hardwood Cabinet.

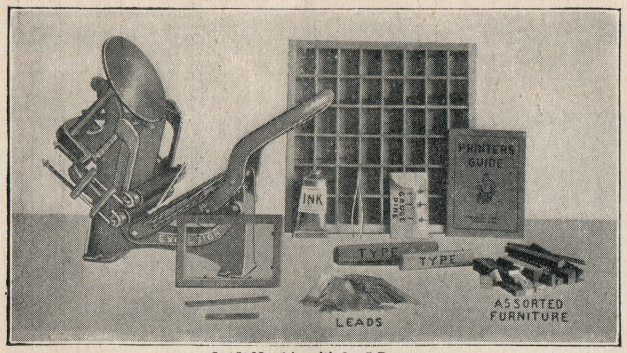

We have built presses for over seventy years, so when we say this press is made to last, we speak from experience. We are constantly hearing of Kelsey machines twenty-five, forty and even fifty years old, which are in active service.

The body of the press is one solid semi-steel casting, as are all the principal working parts. This construction is identical with that used in large printing presses costing many times as much, and there is no satisfactory substitute construction if the press is to give good, clear printing. Sheet metal stampings, light weight blanks and thin castings put together by mass production methods result only in flimsy toys, instead of practical printing presses, and we do not make them. Parts are planed or turned, and tested by gauge. Accurate jigs assure perfect fitting of the whole machine. Ink rollers are our own, high grade composition, so well liked by professional printers everywhere that we furnish them to large press owners all over the country. Finish on the press is a durable, sprayed-on battleship grey enamel, all machined surfaces being protected during the painting operation. Finally presses are given careful examination before the inspector puts his initials on the stamp which holds him responsible for the O. K. Every press is fully warranted.

A downward pressure on the lever makes the printed impression. This lever has two connections (which you can see) with the body and the plate which holds the paper, giving unusual leverage and preventing any twisting. Ink is spread on the circular inking disc. The inking rollers pass over the type twice between each printed impression, and the ink disc revolves, giving even distribution of ink. Gripper fingers hold sheets firmly and remove them from the type when printed. Impression or pressure on type is quickly regulated with screws, one of which can be seen in the picture. The chase or frame holding the type can be taken out of the press or put back by pressing a single catch. Speed depends upon circumstances: from 600 to 1500 per hour OR MORE, according to the size of the sheet being printed. Complete, easily understood instructions go with each press. The press sizes (3x5, 5x8, etc.) refer to the space you can print at one time in the press. THE PAPER MAY BE ANY SIZE. Or you can run it thru the press twice and double the area printed. 8½ x 11 letterheads can be printed on the 3x5 press if the printed lines are not longer than five inches, and a 5x8 press will cover the whole top of such a sheet, with a quarter-inch margin on each side.

COMPLETE PRINTING OUTFITS

A special discount is made on a press when you buy it with a complete outfit. This need not be one of the standard outfits listed in the catalog. It can be any kind of an outfit you wish to select, as long as it amounts to the same cost as the lowest-priced outfit with the same size press, or more. You don't have to make the total cost the same—the standard outfit costs are just the minimums. In other words, the 3x5 press costs $. , but if you buy it with a complete outfit costing as much as the 1A outfit ($.) deduct a discount of $1.00. This applies to every Excelsior press.

How to Select Your Press

There are two points to consider: (1) What kind of work you intend to do. (2) How much you want to invest in your outfit. If you are going into stationery or general job printing, the investment is the important consideration. **You can print well with any size press,** but the larger machine you purchase, the larger work you can do. Another advantage in the larger press is the ability to print two or more pages of a leaflet, circular, book, etc. at one impression. The dimensions, 3x5, 5x8, 6x10, etc., refer to the size you can print at one impression in the press, not the size of the paper: **the paper may be any size.** Thus 8½ x 11 letterhead paper may be handled in the 5 x 8 press without any trouble.

If none of these outfits as listed quite fits your needs, write us which is within the amount you wish to invest, and add "I want to print _____." (Fill in the blank space with your special needs.) We shall suggest a special outfit for your purpose.

If you are interested in an outfit for manual training, church work, movie titling, linoleum block printing, greeting card work, store or office forms, menu printing, printing for institutions, or any other specialized purpose, write us fully and we will make a definite recommendation. It is, however, best to let us know the amount you wish to invest, so that we can advise you accordingly.

PRESS PRICES

3 x 5 PRESS $27.36

Printing Space (chase), 3 x 5 inches
Weight of press onl , 27 pounds
Shipping Weight, about 40 pounds
Press occupies 8¼ x 18 inches
$23.36 If bought with some Outfits—see below

5 x 8 PRESS $60.30

Printing Space (chase), 5¼ x 8¼ in.
Weight of press only, 62 pounds
Shipping Weight about 90 pounds
Press occupies 12 x 23 inches
$51.30 If bought with some Outfits—see below

6 x 10 PRESS $88.62

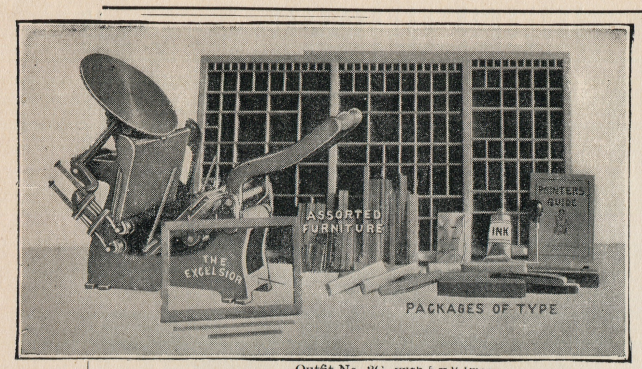

P'ting Space (chase), 6¼ x 10¼ in.
Weight of press only, 97 pounds
Shipping Weight about 127 pounds
Press occupies 18½ x 25 inches
$79.62 If bought with some Outfits—see below

Tube Black Ink . Bodkin
Cleaner
Including $74.06 Type
Shipping Wgt. 400 lb. **$321.09**
Special $10.00 Press Discount on this outfit.

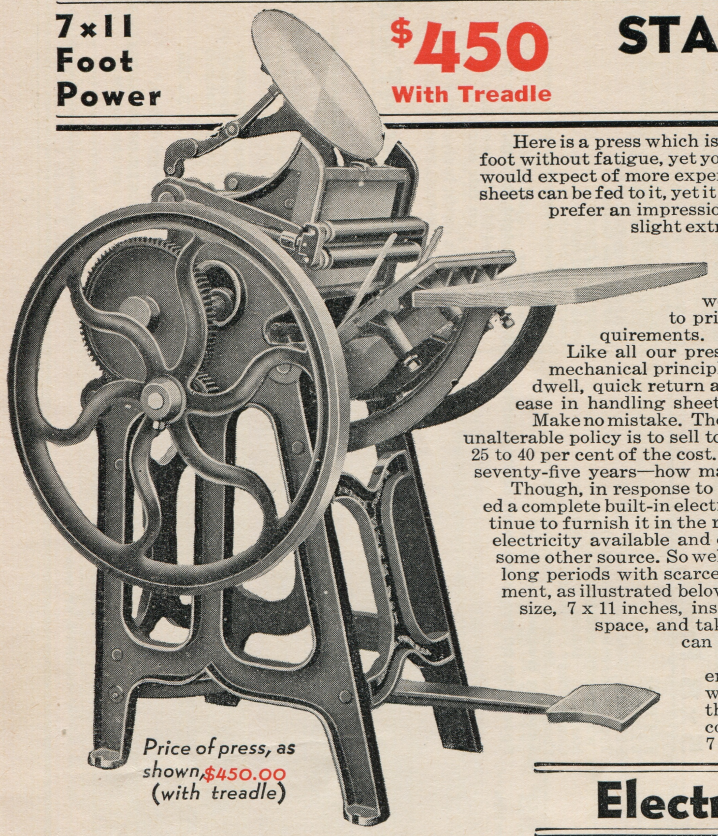

NOTE: Outfit now has ready-cut leads instead of full strips; and 8 large type cases.

THE KELSEY CO MERIDEN, CONN 3G47

7x11 Foot Power

$450 STAR PRESS $480

With Treadle — **With Treadle and Throwoff**

Price of press, as shown, $450.00 (with treadle)

Here is a press which is so light and easy running that you can operate it by foot without fatigue, yet you will get the same speed and performance that you would expect of more expensive machines. The Star can be run just as fast as sheets can be fed to it, yet it can be stopped in a quarter turn of the wheel. If you prefer an impression throwoff, the press can now be had with that, at slight extra cost, but it is perfectly satisfactory without one.

Size of chase 7 x 11 inches

The size of the Star readily adapts itself to general work, so that it is of value equally, whether you wish to print for profit, or take care of your own printing requirements.

Like all our presses, it is our own exclusive make, sound in every mechanical principle. Impression carried by compound leverage, with dwell, quick return and a rest for feeding, with very wide opening for ease in handling sheets.

Make no mistake. The low price on the Star is only possible because our unalterable policy is to sell to you direct from the factory, and thus save for you 25 to 40 per cent of the cost. As for reliability—we have built presses for over seventy-five years—how many other press manufacturers can say as much?

Though, in response to the desire of many of our customers, we have added a complete built-in electric motor equipment to the Star Press, we shall continue to furnish it in the regular style for those customers who do not have electricity available and expect to operate it by foot power or by belt from some other source. So well balanced is the Star that it may be run by foot for long periods with scarcely any effort, and if later the built-in motor equipment, as illustrated below, is desired, it can be added at any time. The chase size, 7 x 11 inches, inside, is the actual size of the type form or printing space, and takes in the majority of common jobs. Larger sheets can be printed as they may extend outside the press.

If you have held off about getting a foot or power press because of the cost, you will by all means want to read this. No need, probably, to remind you that 8 x 12 presses, the smallest otherwise available, cost, ready to run, considerably more. The Star 7 x 11 press is the answer to your problem.

Ink Fountain, with press, $36.42
Separately, 38.42
Extra Rollers, per pair, 3.06
Extra Chases, each, 3.65

Complete Star Press Outfit

for less than the usual price of a press alone

Star Press, without motor, treadle, or throwoff, (special price)
Furniture and Quoins
Black and Colored Inks — Including
Fonts of Type — $80.61
Excelsior Case Stand — Type
Type Cases
Lead Cutter
Leads . Gauge Pins .
Bodkin . Tweezers .

Cleaner,
Hand Roller . Brass Rule .

Complete Outfit $586.07

Shipping Weight, 650 lb.

Outfit W— With press equipped with treadle for foot power $609.07

Outfit Y— With press equipped with built-in motor, no treadle, no throwoff $633.07

Outfit Z— With press equipped with built-in motor and throwoff, no treadle $663.07

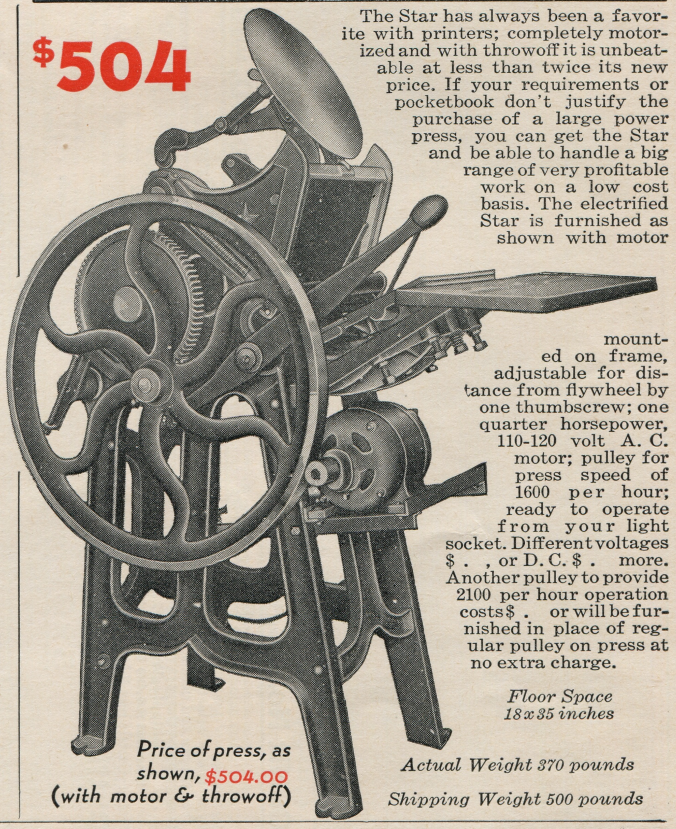

The Special Star Press Price, of $10 less than listed, may be applied to any outfit that you select which totals as much (159.92 for outfit alone) or more.

Prompt Shipment—As is the case with all Kelsey machines, we carry these presses in stock, on our floor and can make shipment the same day your order is received.

Electrified Star Press

$504

The Star has always been a favorite with printers; completely motorized and with throwoff it is unbeatable at less than twice its new price. If your requirements or pocketbook don't justify the purchase of a large power press, you can get the Star and be able to handle a big range of very profitable work on a low cost basis. The electrified Star is furnished as shown with motor mounted on frame, adjustable for distance from flywheel by one thumbscrew; one quarter horsepower, 110-120 volt A. C. motor; pulley for press speed of 1600 per hour; ready to operate from your light socket. Different voltages $. , or D. C. $. more. Another pulley to provide 2100 per hour operation costs $. or will be furnished in place of regular pulley on press at no extra charge.

Price of press, as shown, $504.00 (with motor & throwoff)

Floor Space 18x35 inches

Actual Weight 370 pounds

Shipping Weight 500 pounds

Cut Circular Number 49-S

CUTS FOR ILLUSTRATING

Do not cut this book

THESE CUTS are type high and work with type forms. Those marked with an M AFTER the number, have space cut out to insert words in type. Our cuts are made to work in any style press. We can make special cuts at higher cost. Send us a drawing in india black drawing ink or a good photograph and we will quote. **All cuts are Exact Size as shown** and cannot be furnished in any other size, except at extra cost, depending on size.

Order by number only — **THE KELSEY COMPANY** — **Meriden, Connecticut, U.S.A.**

Revised Rules for Bridge

1 Pick up your cards as dealt. You will be ready to bid ahead of the others.
2 If your hand is rotten, mention it. It will guide your partner in his bid and play.
3 If your partner bids first, don't hesitate to raise. He has to play it.
4 Never hurry. Try several cards on a trick until you are sure which one you prefer.
5 Occasionally ask what is trump. It will show you are interested in the game.
6 Don't show lack of interest when you are dummy. Help your partner out with suggestions.
7 Walk around the table when you are dummy and look at the other hands. Tell them what cards are good and how many tricks they can take if they play right.
8 Talk about other subjects during the game. It makes for good fellowship.
9 Feel free to criticise your partner. He will do much better as a result.
10 Always trump your partner's tricks; never take a chance.
11 Don't try to remember the rules. It is too confusing.
12 If it is a money game, always stop when you are ahead. It will leave a lasting impression and folks will remember you.
13 Always explain your plays, particularly when set. It shows your card knowledge.
14 Disagree with established rules and conventions. People will know you are a person of independent mind.
15 If holding poor cards, expose an honor and demand a new deal.
16 Eat chocolate caramels or other adhesive candy while playing. It keeps the cards from skidding.

Curious Bible Facts

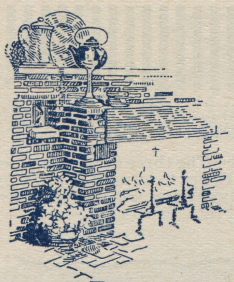

A prisoner, condemned to solitary confinement, obtained a copy of the Bible and by three years' careful study, obtained the following facts:

The Bible contains 3,586,489 letters, 773,692 words, 31,173 verses, 1,189 chapters, and 66 books. The word and occurs 46,277 times. The word Lord occurs 1,855 times. The word Reverend occurs but once, which is in the 9th verse of the 111th Psalm. The middle verse is the 8th verse of the 118th Psalm. The 21st verse of the 7th chapter of Ezra contains all the letters in the alphabet except the letter J. The finest chapter to read is the 26th chapter of the Acts of the Apostles. The 19th chapter of II. Kings and the 37th Chapter of Isaiah are alike. The longest verse is the 9th verse of the 8th chapter of Esther. The shortest verse is the 35th verse of the 11th chapter of St. John. The 8th, 15th, 21st and 31st verses of the 107th Psalm are alike. Each verse of the 136th Psalm end alike. There are no words or names of more than six syllables.

ALPHA BLOX

You Can Decorate, Make Letters, Monograms, Borders, or Ornaments, with These Handy Type-Blox.

There's no limit to the use you can make of Alpha-Blox. For example, take letters. With these (a d a) you can make a d a a —and so on.

Use the same characters for decorators, typo spots, corner pieces, borders, panels—all sorts of work on all sorts of printing—cards, stationery, programs, advertising leaflets, menus, movie titles, etc. You'll see them in the magazines, often in colors, for there are two kinds of Alpha-Blox, the solid and the shaded.

The characters have been carefully designed to fit together just like blocks, as the name implies. Every piece is 12 points square, like an em quad. Quantity of each character in a font has been planned to give you the greatest possible use. In addition, if you want to work out something special, you can get packages of all one character.

Either kind can be used separately, or together for two or more color work.

SHADED ALPHA-BLOX

Regular Font (app. 225 asst. pc.)
Large Font " 465 " "

SOLID ALPHA-BLOX

Regular Font (app. 300 asst. pc.)
Large Font " 600 " "

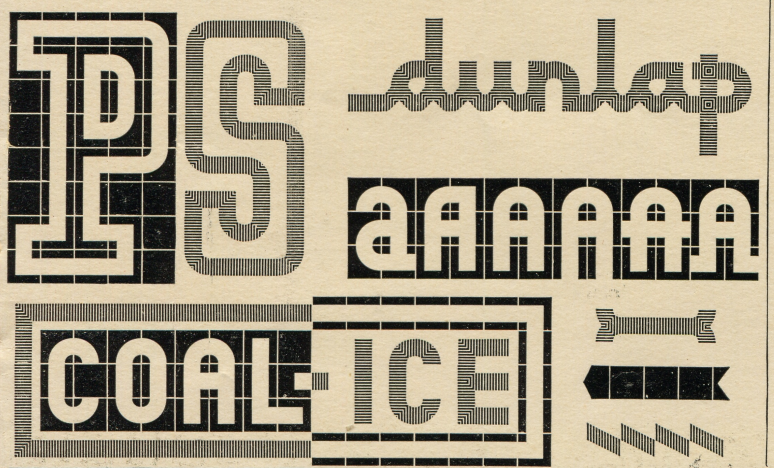

Extra Alpha-Blox, solid or shaded:
All one design, 18 pieces or less,
Assorted designs. 18 pieces or less,
1 lb. all one character (app. 130)
½ lb. " " "
12 point em quads to fill in between letters, per lb. 2½ lbs.

USE TWO COLOR PRINTING

Some Two-color Possibilities

These specimens are only a few of the many ways that monograms can be used on stationery etc.; another color would add further to their appeal. Increase your business by suggesting this to your customers.
